## REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the prior arts fail to teach or fairly suggest a method for obtaining information for packets transmitted over a network comprising: normalizing the latency associated with each selected packet including detecting clock skew and adjusting information maintained for each selected packet to compensate for the clock skew wherein detecting clock skew comprises logically finding a slope based on information maintained with the plural of selected packets received, in combination with other limitations as specified in the independent claim 1.
